Find your inner...

Serenity

Feel the power of massage mastery, brought to life by cutting edge Japanese technology. Every component in the SERENITY massage chair is optimised for performance, leading to an extremely accurate massage chair that precisely targets your acupunctural points - from head-to-toe, including your knees - for optimal energy restoration through 'human like' full body massage.

Find your inner SERENITY, it is tailored just for you.

**AIMED AT
APPEASING
YOUR
SENSES**

SERENITY comes with more complementary features for a completely immersive experience for all your senses

All New OS 1.0 with 7 inch Touch Screen

Track the accuracy of your massage better with a larger screen.

22 Massage Programmes plus 500 Customisable Options

Pick from a variety of massage techniques and programmes for a more personalised massage experience.

Ultimate Navigator

A feature exclusive only to SERENITY. Easy to navigate without disrupting your massage experience.

Mood-Enhancing Light Therapy

Known to help uplift moods, increase metabolism and promote detoxification.

Choose from 7 modes, including:

Wave

The default choice for soothing, comfort & hip-shaping

Mist

To relax and regulate sleeping patterns

Energetic

For boosting energy levels

Surround Speakers with Bluetooth Connectivity

Drown out distractions and drift off into a relaxing state of mind.

THIS IS A WHOLE NEW LEVEL OF HEALING COMFORT

Target those tight knots in your neck and shoulders. Soothe your tired spine and back after a long day at work. Relieve those aching arms. You can even tone your hips and thighs with SERENITY's meticulous massages for every body.

Shoulder & Neck

Dual airbags compression massage.

Holds shoulders in place for posture correction by extending chest and back. Focuses on the acupunctural points Feng Chi (headaches) and Jian Jing (pain & stiffness) to relieve discomfort due to prolonged sedentary periods; Jian Zhong Shu to strengthen the respiratory system.

Arms & Hands

Accurate airbags pressure point massage.

Airbags consist of small bumps to target all of your core muscles. Can help to alleviate carpal tunnel syndrome

Calves

Heat & pressure massage

Designed to tone calves, promote blood flow and soothe joint pain. Extendable up to 10cm at the upper calves and up to 18cm at the lower calves, enjoy better coverage and comfort.

THE ONLY CHAIR THAT MASSAGE

We often take our knees for granted, even though they're the most important part of our body. SERENITY's 3D knee M+. With strategically fitted

Target your two main acupunctural points with the liver fuction, as well as remedy gastric and bloating

Spine & Waist

Accurate rollers deep tissue massage

Focuses on the acupunctural points Xinshu (mind-calming) and Shenshu (boosts kidney function) to reduce muscle tension in your lower back and improve blood circulation.

Hips & Thighs

Dual airbags pulsating massage

Focuses on the acupunctural points Huan Tiao and Huan Zhong. Helps to tone hips and thighs, improve blood circulation and reduce numbness.

Foot & Sole

All new sole massage and analysis

Sole massage rollers and airbags now come with analysis technology to deliver a more intricate and intensive massage. The result is effective body heat release and reduced muscle spasms.

MASSAGES EVEN YOUR KNEES

Though it is such an important joint in our body. Now you can treat your knees to much needed care with dual thermal airbags, slip into relaxation from the knees and deep into your soles.

airbags and heat therapy - Xua Hai (spleen) and Liang Qiu (stomach) - to improve blood circulation and other health issues.

**TRUE
SATISFACTION
BEGINS WITH
A STRONG
FOUNDATION**

**High Performance A.R.M
Microprocessor**

Precise and performance optimised, SERENITY's all new operating system responds quickly and adjusts the massage accurately to your commands. True mastery of accuracy - now that begins here.
